

## Statement of Admissions for Military Service Personnel, Veterans, and Military Spouses

The Texas College policy is consistent with the Texas Education Agency requiring all Educator Preparation Programs to outline procedures for accepting prior relevant coursework, training, and/or experience from military and non-military candidates and apply those policies equitably to candidates, as needed. For prior credit or ongoing military service, training, or education toward the training, education, work experience, or related requirements for educator certification (19 TAC 234.5), candidates including military service personnel, veterans, and military spouses will not be granted course credit for prior military service, training or education toward fulfillment of program prerequisite admission requirements. Military Service, training and experience may not count toward field-based experience, clinical teaching, or internship requirements. For more information or to request a transcript evaluation for course credit, please contact the Dean of Enrollment regarding Military and Veterans Services, telephone 903-593-8311, ext. 2215 or ext. 2368.
